Put your best foot forward every morning!

Start your day right with a cup of good coffee. Start by enjoying things. Start with the invigoration and set-up that only good coffee can give.

Ask your grocer for one of the coffees in vacuumsealed tins (the only way to get the full fragrance, flavor and strength to you).

Schilling's is one of them. Is it the best? We try to have it so. But the real test for you is to try it and see how you like it.

Your grocer pays your money back if you don't.

SALT LAKE CITY WOMAN'S LIFE WAS A BURDEN

Life Long Resident Tells How Her Health Was Restored

Like a vast forest fire, springing from a single spark, the fame of Tanlac has spread from a single testimon lal given in its behalf a little more than five years ago, until now its praise is being heard throughout the American continent. More than four teen million bottles have been sold and the wonderful demand continues to in-

Remarkable though it may seem, right here in Salt Lake City alone, where Tanlac was introduced but a little more than two years ago, over for-ty-five thousand bottles have been sold and distributed at retail, and numbers of well known men and women are calling daily to purchase the medicine and to tell of the benefits they have derived from its use.

Mrs. Mary E. Luce of 13 North First street, West, who has lived in Salt Lake City all her life and is highly esteemed by the who know her, in relating her experience with Taniac,

"Tanlac restored my health when I had almost despaired of ever being well again, and I certainly think it is the grandest medicine in the world For ten or twelve years I had been in a completely tun down condition. My appetite was very poor and nothing I seemed to do me any good. Cakes pastries, and other sweet things were like poison to me, for I could never eat them without terrible afterwards. I had awful headaches and spells of dizzincss, when everything turned black before my eyes. I never slept well, was weak and listless all the time,

and life was a burden to me.
"I had sought relief in every direction, but nothing did me any good un-til I began taking Tanlac. This medicine helped me right from the start, and, now that I have taken four bot-tles, I am eating cakes, pastries, or anything else I want and never have any trouble from indigestion afterwards. My headaches and dizzness have left me, and I sleep soundly at night and wake up in the morning refreshed. I feel so much stronger and better that I go about my work with interest and pleasure and the day don't seem long enough. My son, who was in a run down condition, is now taking Tanlac, on account of seeing the good it did me, and it is helping him too After getting such results myself, I can't help praising Tanlac."
